Mark Sullivan
Brian Dawson

Manifesto

I am a professionally qualified Internal Auditor with over 15 years experience, having worked in the Financial Services and Utilities sectors during this period. I am a Fellow of the Chartered Institute and I have been the Chair of the North East Region for the last five years. Prior to this I have worked in most of the Committees roles, from organising events and supporting local members to Student Liaison Officer. Through my practical involvement at a Regional level representing our members I believe that the skills and experiences I have learned will make me an effective Council Director and I aim to continue to represent our membership as a whole and in the North East.

I am passionate about the continued development of the profession and I have been instrumental in introducing a number of initiatives to support this. I am committed to change when it is for the better and where I believe it is necessary to continue the Institute's development and improve the services we offer to our members, particularly in these challenging times. I have a good understanding of strategic and operational needs and will remain focussed in reflecting the requirements of our membership through effective communication with the Regions and by listening to our members.
